Occupations on the stickers should involve some service to people, e.g., taxi driver, bus driver, zoo keeper, doctor, teacher, tour guide, shop assistant, etc.

**LESSON 3 SB page 47 WB page 30**

**Aims: Learners will**

disappointed, politeness, rude, stranger, stressful

**Functions:**

**Lesson 3**

**5 Read and match**

a  Life is better if we are polite  
 b  Why politeness can be difficult  
 c  Polite people think about others  
 d  Different ways to be polite

Dr Mona Sadek writes about politeness.

Match each paragraph 1-4 to the best sentence a-d.

**Computer lab**

Being healthy | Farming | History | People | Science | Stories | Travel | Water | Work

1 Polite people are careful about what they say and the results their words have on the feelings of others. Most people would rather speak to polite people than rude people.

2 Modern life can be fast and stressful. If we are kind and polite to others, they will probably be kind and polite to us. Life is easier and more relaxed when everyone is polite.

3 We are polite in different ways. With strangers and people we do not know well, we use formal language, for example, "Would you mind passing that book?" With family and friends, we use informal language, for example, "Pass the book, please."

4 Politeness is important, but it is not always easy to be polite. For example, a friend asks, "Do you like my jacket?" If we do not like the jacket, should we say "no" and make our friend feel disappointed? Or should we say "yes" and not say what we really think?

**6 Find the words**

a a word for *not polite* rude  
 b something which makes you worried or nervous \_\_\_\_\_  
 c people who we don't know at all \_\_\_\_\_

- 5 Ask them to underline the new words (*stranger, rude, stressful* and *disappointed*) and try to guess their meaning from the context. Exercise 6 will focus on these words.
- 6 Students work individually to do the matching task, then form pairs and compare their answers.
- 7 Check answers with the whole class.

**Answers:**

a 2      b 4      c 1 (given)      d 3

Answers:

Answers will vary.

### Further practice

- Play a team game: students prepare some more multiple-choice questions like those in the project about things they find annoying, e.g.,  
**What would you do if someone stuck chewing gum under your desk?**  
**a) I'd tell the teacher; b) I'd be angry with the person; c) I'd take it off and put it in the bin, etc.** Write them up on the board.
- Students form teams of four. One student (Student A) from each team goes to the front and writes his/her answers to the questions (just the letters **a**, **b** or **c**) on a piece of paper. Teacher then asks one member of each team what answer they think Student A gave for the first question. (Student A must not tell them.) Follow the same

procedure with each team and each question, asking different team members. Teacher writes a score board on the board, giving a point for each

answer guessed correctly. The winning team is the one who guessed the highest number of their Student A's answers correctly.
